# The Bible Knowledge Commentary: An Exposition Of The Scriptures By Dallas Seminary Faculty [New Testament Edition]

## Synopsis

HELP FROM EXPERT SCHOLARS IN UNDERSTANDING THE SCRIPTURES &#149; What does That verse mean? &#149; How should I interpret this passage? &#149; What is the significance of this word or phrase in Hebrew or Aramaic? &#149; How do Bible-time customs help me understand the meaning of this passage? &#149; How does the information on the author, historical background, and features of a Bible book help interpret that book? The Bible Knowledge Commentary answers these and other questions about the Scriptures, discussing all the Bible verse by verse and often phrase by phrase. In addition, maps, charts, and diagrams help you grasp the meanings of the biblical text. Unlike most others this commentary is by authors from one school - Dallas Theological Seminary. The Bible Knowledge Commentary - popular in style and scholarly in content - will deepen your understanding of God's written Word. The Bible Knowledge Commentary will be welcomed by a wide spectrum of Bible students, from the beginner, who will find it easy to understand and easy to use, to the advanced, who will find it consistently thorough and reliable. The readable style, combined with careful scholarship, make this a Bible study aid I and others will add to our "most-used" shelf of books. At last...a commentary we can all believe in. Sunday school teachers and many others at our church will find The Bible Knowledge Commentary extremely helpful.

## Book Information

Hardcover: 992 pages

Publisher: Victor Books; New edition (July 1, 1983)

## Customer Reviews

the reader may well recognize the authors as professors at dallas theological seminary; walvoord

has written multiple books and is considered one of the foremost dispensationalist theologians today (perhaps carrying the torch of Chafer). This is a 2-volume set which covers the entire Bible, although not in great detail. It is definitely written from an evangelical point of view - that is, the inspiration and inerrancy of the Bible is at the foundation of all interpretation (contrast this with the New Jerome Commentary which is purely historical-critical). Nonetheless, this work is the product of sound scholarship and the work of men with expansive knowledge and insight. This is ideal for Sunday school classes and personal study; it might be a little thin for use in theology classes.

This commentary has explained a lot for me. I really enjoy reading and studying the Bible. I read the Bible, footnotes and then this commentary. I then write down what I feel God is teaching me through all of it verse by verse. This commentary is easy to understand and gives Bible verses for cross references and even suggests other books for further reading. Worth every penny.

No one popular teacher can be an expert on the whole Bible, in my opinion. Walvoord and Zuck chose different scholars to write commentary on the book of the Bible which was their expertise. This two-volume set is the most concise and understandable commentary available. I recommend it for everyone from lay people to Bible teachers and pastors.

This commentary was written by faculty members of the Dallas Theological Seminary. Although written from a dispensational perspective, it fairly presents all major views on the New Testament text. It is like having the lecture notes for a dozen New Testament courses printed out. A Free Bible Course and Study Guides are available on this book from [...]

This book has doubled my Bible study time and increased my knowledge of the Scripture. Would recommend to all. Easy to read and follow!!!!

I received this from: Sold by [Powells\\_Books](#) and it came to me today in great shape and a VERY reputable company. This appears to be a very good commentary so that I am able to read my Bible and for those verses that tend to be a little unclear. The Bible can be at times a tough read only because one needs to have history with the Bible where you have been reading it to make things clear. What sometimes happens is that people will pick up the Bible and start reading it in the middle or the end and expect to know things based on "spot" reading. The Bible is not only a book but it is an inspired book that speaks to God and his standard for mankind. It is a very logical reading where

prophecy is written and then accounted for 1000's of year later where it is fulfilled...that is inspired. A good commentary will help the reader understand things from a time where most people are not aware of how things were and what was going on.

This had been very helpful to me. Our church offers discipleship courses. I was having trouble understanding what the Bible was trying to say when I was reading different passages. I have found that this has helped me to understand what the passage is saying. I highly recommend this.

This is the best one vol. commentary on the NT that I am aware of. Many are trite, but this one has meat.
