Someone Someday (All In Good Time Book 2)

Synopsis

Lexi Charles wasn't interested in starting a relationship. The scars from her past left her feeling like it would be impossible to ever love someone. It was a part of her life she had come to accept. Years ago, she said she always wanted to marry a baseball player (one of the San Francisco Giants to be exact). Now, that was nothing more than a distant dream "something she knew could never become a reality. Until the day she found herself in a parking lot talking to the Giants' all-star second baseman. Could he be the one to heal her wounds and make her dreams come true?

Customer Reviews

Because we all know that life is full of bumps and bruises, we can identify with Lexi and understand her reticence to become involved in another relationship. Preferring to isolate herself from life's activities and refrain from any sort of involvement with the opposite sex, she has rebuffed all of the efforts of her family and friends to "fix her up." But, we also all know that life has a way of twisting and turning and giving us unexpected circumstances with which we must deal. Thus, Lexi finds

herself in such a situation. A chance meeting with no thought or preparation changes the course of her life. As a child she had dreams of marrying a San Francisco Giant baseball player and living happily ever after. Jaded as an adult because of heartbreak and poor choices, she does not even keep up with baseball. Into this vacuum of a life comes a who strikes a chord in her empty life. When she finds herself gifted with tickets to a baseball game she learns that he is indeed a San Francisco Giant second baseman; but, her heart has hardened so much that she cannot begin to accept him. With the help of her pregnant sister and her husband, Lexi does think about taking a chance on love, but is stymied again. Unable to control her thoughts, she does go back to his games and she does entertain thoughts about him, and only after many weeks and much spiritual soul-searching does she really consider taking a chance. The character of the baseball player is well-drawn and extraordinarily patient and kind. He is the man we all dream about finding, especially after heartbreak. You must read this romance to see what can happen when you least expect.

Wow! Each book by Brooke is better than the last! The characters have depth and related personalities, yet have something that draws you in. You want to know these people in real life. She has me laughing out loud, a lot with each book, and I don't laugh often, I may chuckle from time to time, but these books I laugh a lot! I wish there was an endless supply of books by Ms. St. James, they are wonderful!

I love every book that I've read by this author! Her books keep you so engrossed that everything else has to wait! Great work and I look forward to many more to come!

A quick read. Thanks for no curse words just a sweet story. Will read more of your books. Nice once in awhile just to relax with a simple story.

Lexi had me frustrated a few times, but I related with her and knew some of what she was going through, so I understood! I loved Morgan!!!!!! So hot 'œ • ^œ. But seriously, he was so sweet, godly, and understanding! Totally worth five stars! Tune in for a sweet ending!

I absolutely am in love with the writings of Brooke St. James! Honestly every book is fresh and different, they make me cry, and laugh and rejoice every single time! The only complaint that I have is that the endings are rushed. I would love for her to slow things down at the end. That's all!

I liked it and wanted to love it but I don't feel it was that well written. Also feel it would appeal to young generation. I liked the story but wanted more and wanted to like the main character more.

A great romance showcasing God in such a unique perspective. The bumpy roads really do lead to the best destinations.
