### **Customer Reviews**

The mysterious mystery of a plot continues in a muddled, meandering, mysterious way (moody art and colors are great, though). Because it's Kirkman, and TWD and Invincible rule, I'll give trade #3 a chance. Anyone else and I'd cast out this vast and unending ruin of mysterious nothingness. For those looking for comic-book horror, grab Walking Dead, Locke n Key or American Vampire - all are far superior to this.

Another absolutely great volume by Kirkman & Azaceta! It's kind of getting to the point where there's a lot more questions than answers but iut's still just as gripping and I read this volume twice as fast as the first! Highly Recommended!

Almost seems like nothing is happening but outcast flows so well that it is interesting. We meet the devil in this volume! Kyle is figuring out that he does have some kind of power, but why and how to use it as a means of correcting his shattered life. I say good read! I will continue to follow Kirkman's

story.

This builds well on the first volume. Kyle Barnes helps the local reverend exorcise demons from every day people. Kyle seems to attract the demons though, as they have infected a number of people that he is close to (his mom, his wife). Kyle is estranged from his wife because he hit her. It was uncharacteristic of him. When we met him in volume 1, he was living in a dirty, dark home on the outskirts of society. An outcast. In this volume, we learn that his wife had been possessed and was beating on their daughter. Kyle knows this. His daughter knows this. No one else does. He is a tragic figure, but unlike many others, his tragedy was not fueled because of his actions. The art is great.

I am still on the fence as I can not say this series of Grapgic novel volumes is good or that it is not good? I have pre ordered Volume 3 and by the end of reading volume 3,I will the make my decision if this series os worth moving forward with.. These Graphic Comics seem a bit short as reading the entire volume in one sitting is very easy. The Graphoc novels themselves are very nicely done with really good illistrations. Once again so far the "Outcast Graphic Novel Series is just "OK" and after reading the next issue which will be volume 3 I will decide either to move forward with the "Outcast series" as there are many other graphic novels that look really interesting and worthy to read!

Robert Kirkman's Outcast is amazing. The premise is simple but Kirkman does an amazing job of making real people scary. The readers struggle to solve the same mysteries as Kyle and the Reverend. The horror is fictional but so real. Kyle's struggle to understand his life is painful. Paul Azaceta's artwork is gritty and perfectly suited for the book. He does a great job make normal characters recognizable. Overall, just a marvelous bit of storytelling.

With the Reverend Anderson, Kyle finds that it is not just his touch which exorcises demons but leaves some of the victims in a catatonic state. Meanwhile Sydney representing the demons is rallying his troops before the Great Merge. Kyle is looking for answers and begins to comprehend what is happening but there is far more to come. Intelligent writing and good illustrations make this a good read but you need to read Volume 1 first

Outcast is an unexpected delight from the author of Walking Dead. I didn't expect him to have two hits in a row, but Robert Kirkman nails it. Outcast is beautiful, mysterious, monstrous and totally

addictive. Do yourself a favor and get a copy. You won't be sorry.
