Customer Reviews

I had never heard of the author before getting this ebook, & was uncertain of its worth. Now that I own a copy, I decided to write this review because I think others need to hear how good it is. This book is very comprehensive and seems very accurate. It is easy to read, with all the scriptural support you could want for the different names of God. It's more a reference book that you refer to or browse, than a book you necessarily read from cover to cover. I've come across a handful of books about this topic, and this one stands out. You won't be disappointed.

God's Names and explanations. A great way to come closer to the Almighty as you study His terms for Himself.
