Customer Reviews

if one is a KJV reader this is the concordance to have. Listing the various words and their hebrew and greek translation. Each Heb. or Grk. usage and corresponding verses are listed for the English translation are listed. It seem the older printings are the best. Nelsons is the lesser quality though updated and better binding and Hendrickson's is slightly better. If one can get an older Erdmans printing they are best for clarity!

This is a very complete aid to Bible study for both beginners and seasoned students of the Bible.

a classic bible study aid

Valuable book.

I have only recently received this book, but it was in great shape for a used book and appears to have the information that will help me in my studies.
