# Catholic Catechism Of Saint Pius X (1908)

## Synopsis

The Catholic Catechism of Pope Saint Pius X, first published in 1908, proofread and formatted for the Kindle. Unlike other Catechisms addressed to priests and bishops, this compendium -- in question and answer format -- was intended as a brief, authoritative summary for the Catholic layman and the general public by Pope Pius X, later canonized in 1954. A favorite resource of traditional Catholics, this book remains a classic of pre-conciliar catechesis.

## Customer Reviews

Know the True Faith=The Traditional Catholic Faith which was taught and defended by Pope Saint Pius X and all Popes up to Vatican II Council (1962-65) when "Good" Pope John XXIII decided to start a new religion. Long story - know your True Catholic Catechisms. Don't be deceived by the 'touchy-feely-luv-luv' services that preach heresies and tout ecumenism. Pope St. Pius X was a staunch defender of The True Roman Catholic Church. You need to read this and The Catechism of The Council of Trent. Our Lady of Fatima, ora pro nobis!

Fantastic! If you want a Q & A style TRUE (pre-Vat II) catechism by one of the greatest popes of all time, this is for you. Less than a half inch thick, it is light and easy to carry around for reference. Highly recommended.

I would recommend this book to Bergoglio.

Very clear and precise catechism from this great pope, and saint! An easy reference for us "modern" Catholics to realize what our Holy Father taught as our faith just over a hundred years ago.

This is a clear cut easy to read and understand book about the bare bones of Catholicism. I recommend it to all Catholics, especially young adults who may be searching for the truth about the Catholic church.

Very good and faithful to the magisterium. It makes a great quick reference in the kindle version and teaches without the post vatican2 word acrobatics. The only fault is that it is a brief catechism however i hear angelous press is going to release a 2 volume catechism by this same pope.

The essential of the catholic faith, without mixing with modern errors and heresies. The scheme of questions and answers is very practical and helps one to understand the main doctrines revealed by Our Lord Jesus Christ to His Church.

Ah...if only everyone would read this book, they would have a clear understanding of the Catholic Catechism. Return to Tradition and know the true Catholic Catechism!
