# Mira And The Big Story

## Synopsis

Curiosity leads Mira across the river, to an "enemy" village where people have beliefs that are strange to her. But when one of these strangers helps her get home, Mira has big questions about what's true and asks a wise elder for help. From the story he tells her, she discovers miraculous things about herself, about belief, and about all life on Earth. This inspiring story is perfect for readers aged 8 and up.

## Customer Reviews

I really like the way the different stories were presented. Simple stories to help show children how different stories can cause conflict because of "religious differences". However we are all one race: human. We have all created different stories but we are all people.
