Fortunately, I read this work as part of a class directed to theological study of the story of the Ascension of Christ. With the guide of a professor, this book was an illumination of a debate among Christian theologians regarding the significance of the Ascension event (or story), to Christian understanding of God and of Jesus. It is not a book that one puts at the bedstand to a 15 minute read before the eyes shut - because you will not make it for 15 minutes if you are tired. It requires attention.
